# Agenda

---

**Components of the Common Agenda**

**Collective Impact Structures, Focusing on Work Groups**

**Work Group Selection**

**A Story from Omaha, Nebraska**

**Final Q&A and Discussion**

---

## Components of the Common Agenda

**Lauren Smith**  
*FSG*

# You are four months into a collaborative planning process and imagine that your initiative's ...

---

- 
- ✓ **Steering committee has formed, and is building great relationships**
  - ✓ **Steering committee has a shared understanding of the problem**
  - ✓ **Steering committee has agreed to its specific big hairy audacious goal**

---

Now What?!?!

# Several elements make up a common agenda

---

## PRINCIPLES

*How are you going to work together?*

## PROBLEM DEFINITION

*What is in and what is out?*

## GOAL

*How will you define success?*

## FRAMEWORK FOR CHANGE

*How are you going to split up the work and prioritize?*

## PLAN FOR LEARNING

*How will you track progress and learn?*

# How to set guiding principles

## Key Considerations

- Promote your shared values
- Set the “rules of engagement”
- Draw on best practices for collaboration in your community

## Illustrative Example

Serve the whole community through a systems oriented approach

Take an asset-based approach

This is everyone's responsibility

Empower people and families

# How to define the problem

## Key Considerations

- Set boundaries
- Use quality data to inform thinking
- Allow to change over time
- Include community input on dimensions of the problem

# How to set your goal

## Key Considerations

- Choose a population goal that can be measured
- Make it audacious and inspiring
- Add considerations for issues of equity

## Illustrative Example

*The goal of Unidos Contra Diabetes is...*

to reduce the number of new cases of type II diabetes...

... in 5 years

...such that we cause a 10% reduction in the prevalence of diabetes by 2030.

We are committed to doing this by integrating primary and behavioral health for people at risk for diabetes in our community, with a particular emphasis of meeting the needs of low-income and underserved populations.

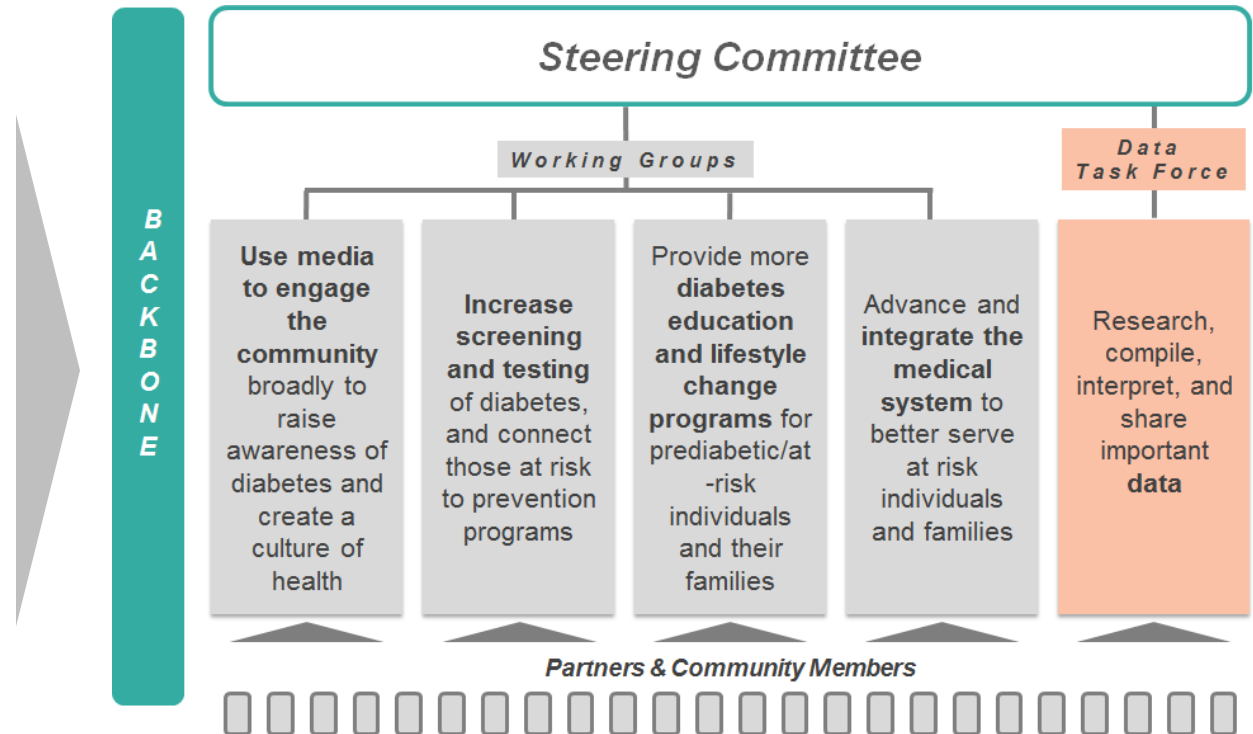

# How to build your framework for change

## Key Considerations

- Prioritize the strategies you want to work on first
- Build your groups for action
- Respect that this is an art and a science
- Include community voice at all levels

## Illustrative Example

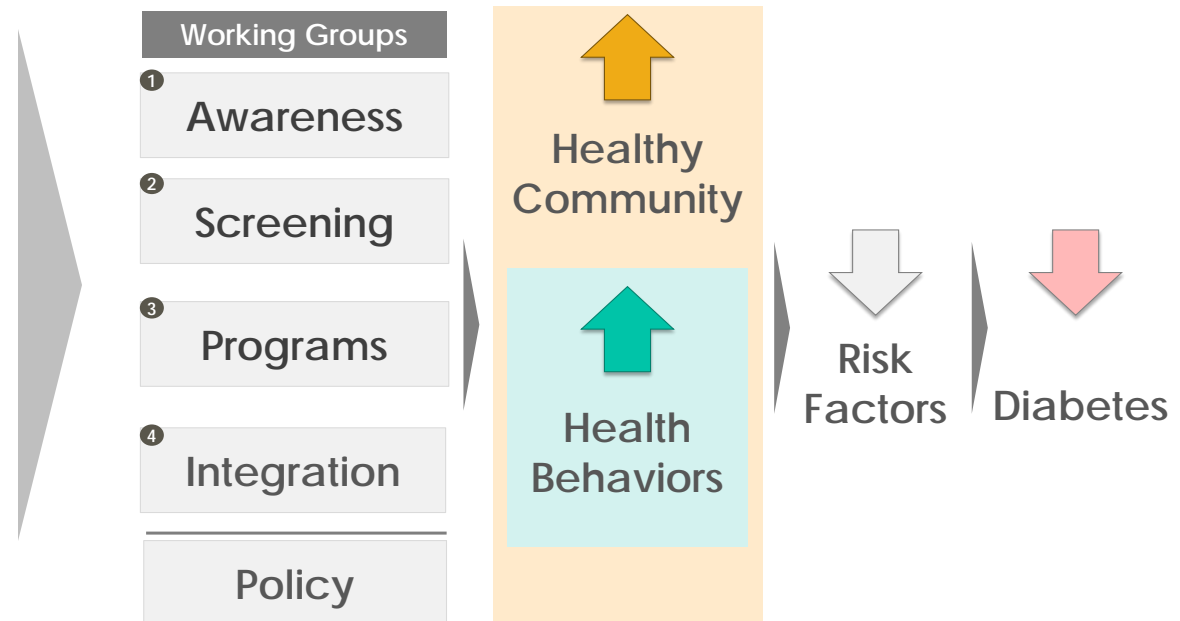

# How to plan for learning

## Key Considerations

- Incorporate early thoughts on shared measures
- Note change on different scales
- Strongly emphasize learning

## Illustrative Example

# Working groups should engage the community in their effort for five reasons

---

1

## **Understand pressing systemic community challenges**

- Understanding the issues
- Clarify questions that arise about the challenge

2

## **Co-create solutions**

- Spark innovative problem-solving rooted in “lived experience” of the community
- Identify and spread unique solutions that exist within the community

3

## **Verify the direction and prioritization**

- Get feedback on specific strategies and indicators from selected communities, particularly those who will be the end users of new programs or activities

4

## **Expand the reach of strategies**

- Expand the reach of adoption of initiative strategies
- Evoke and sustain the will to take aligned action

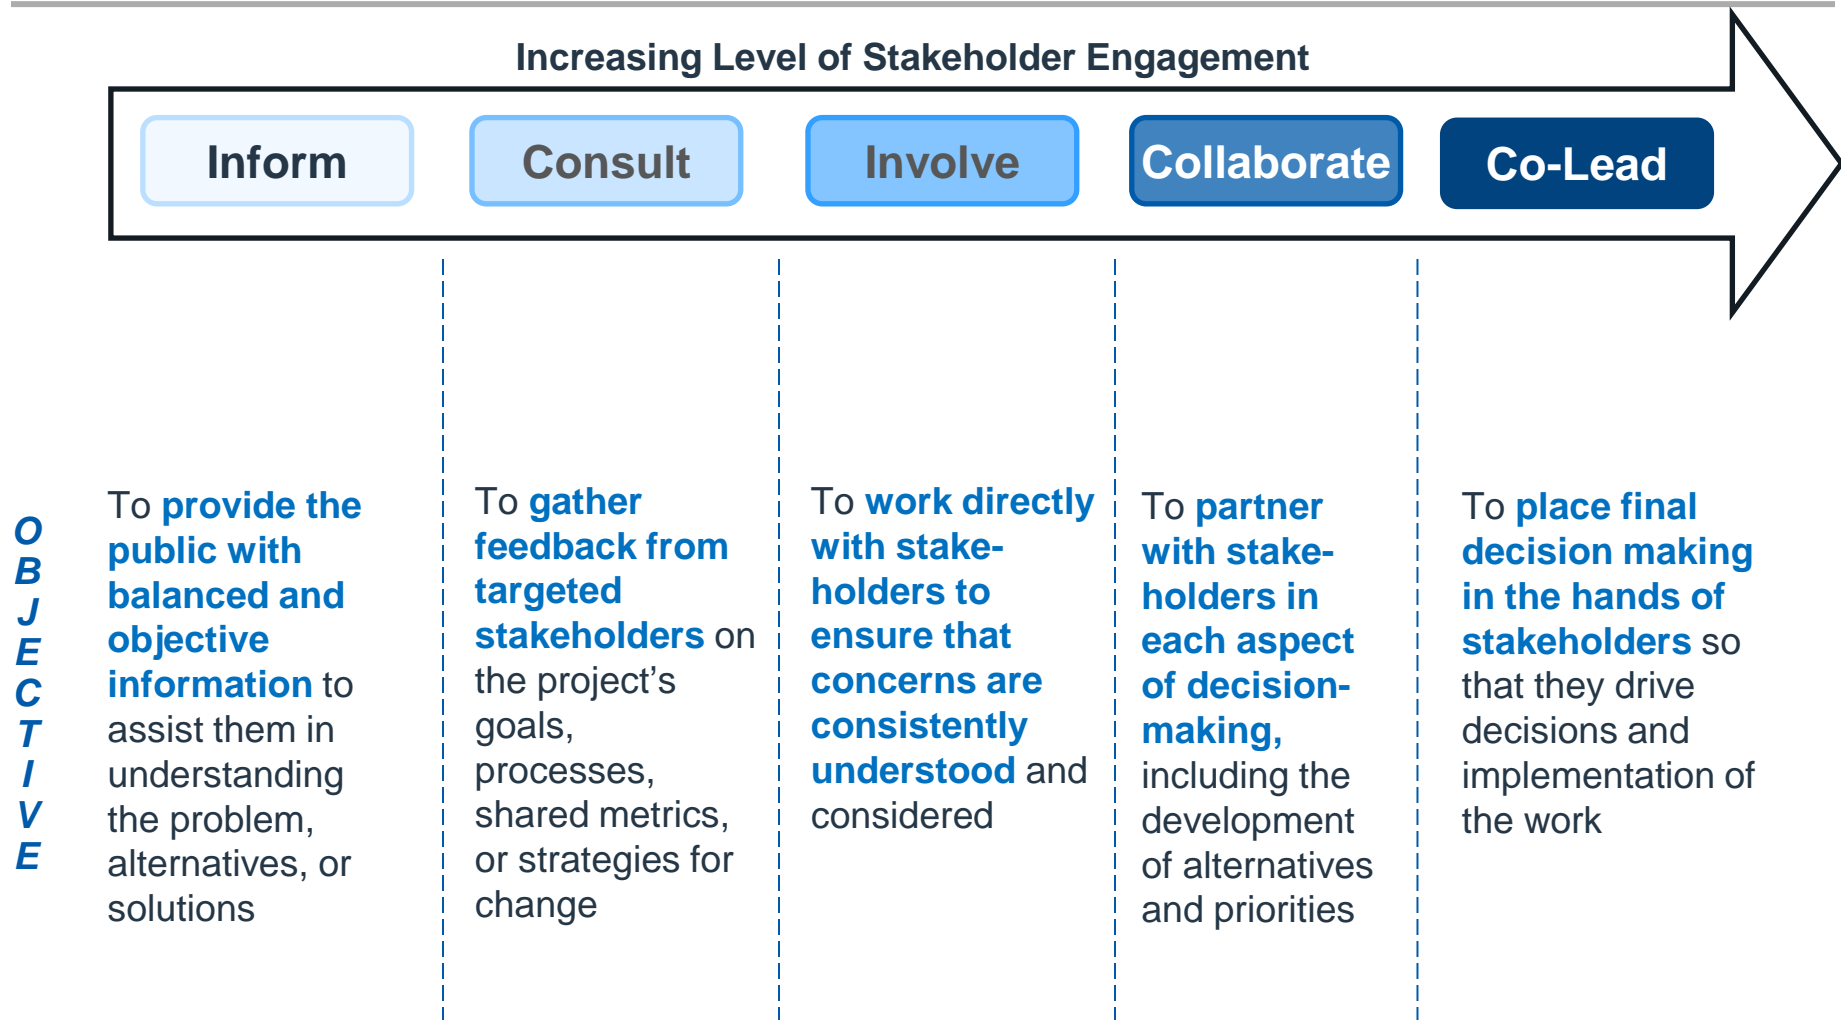

5

## **Build community capacity to lead and sustain change**

- Train stakeholders in skills of effective collaboration and strategy execution
- Share resources and learning across the community to help scale best practices

# The common agenda process should engage community members in various ways

# Worksheet #1: Creating a common agenda

---

**Fill out three columns of the worksheet (page 1) relating to the five parts of a common agenda**

- What is the status of each element (not yet started, in progress, completed)?
  - Principles
  - Problem Definition
  - Goals
  - Framework for Change
  - Plan for Learning
- What were success factors in getting agreement?
- What next steps will you take to move forward?

***We will poll the group and discuss successes and challenges to move from vision to implementation as a group***

# Poll: Which component of the common agenda is the most challenging for you?

---

Select the **one component** of the common agenda that is **most challenging** for your collective impact work:

## PRINCIPLES

*How are you going to work together?*

## PROBLEM DEFINITION

*What is in and what is out?*

## GOAL

*How will you define success?*

## FRAMEWORK FOR CHANGE

*How are you going to split up the work and prioritize?*

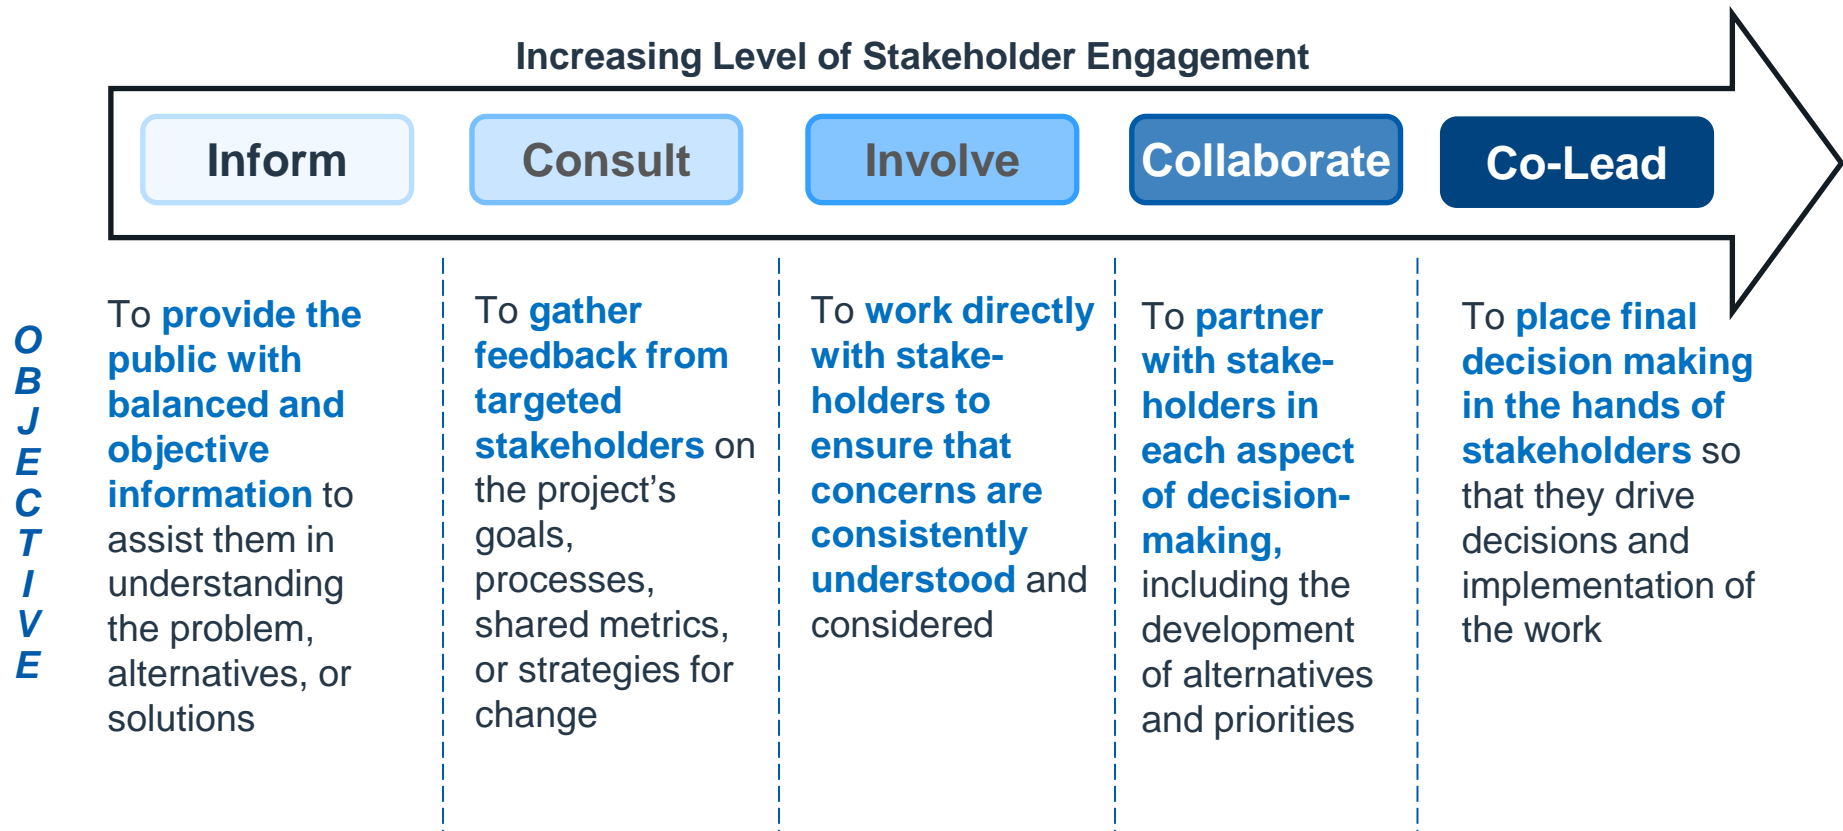

## PLAN FOR LEARNING

*How will you track progress and learn?*

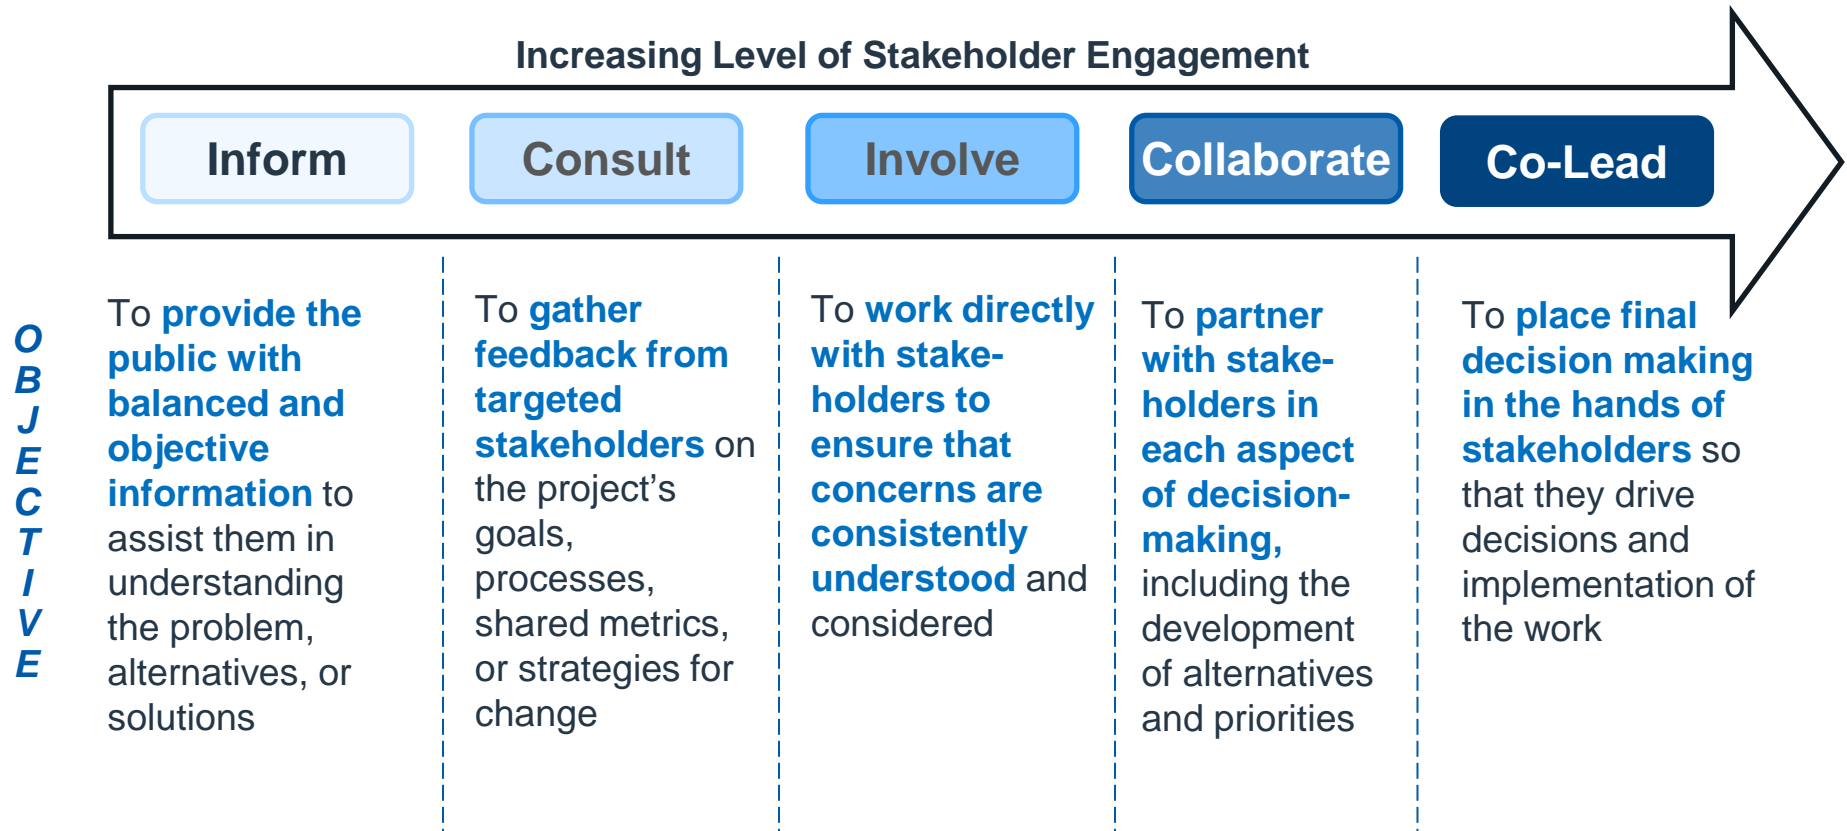

# Poll: Current community engagement

Select the one type of community engagement you have used **most frequently**

# Poll: Future community engagement

Select the one type of community engagement you **hope to move to in the future**

What **outstanding questions** do you have about the **common agenda** and **community engagement**?

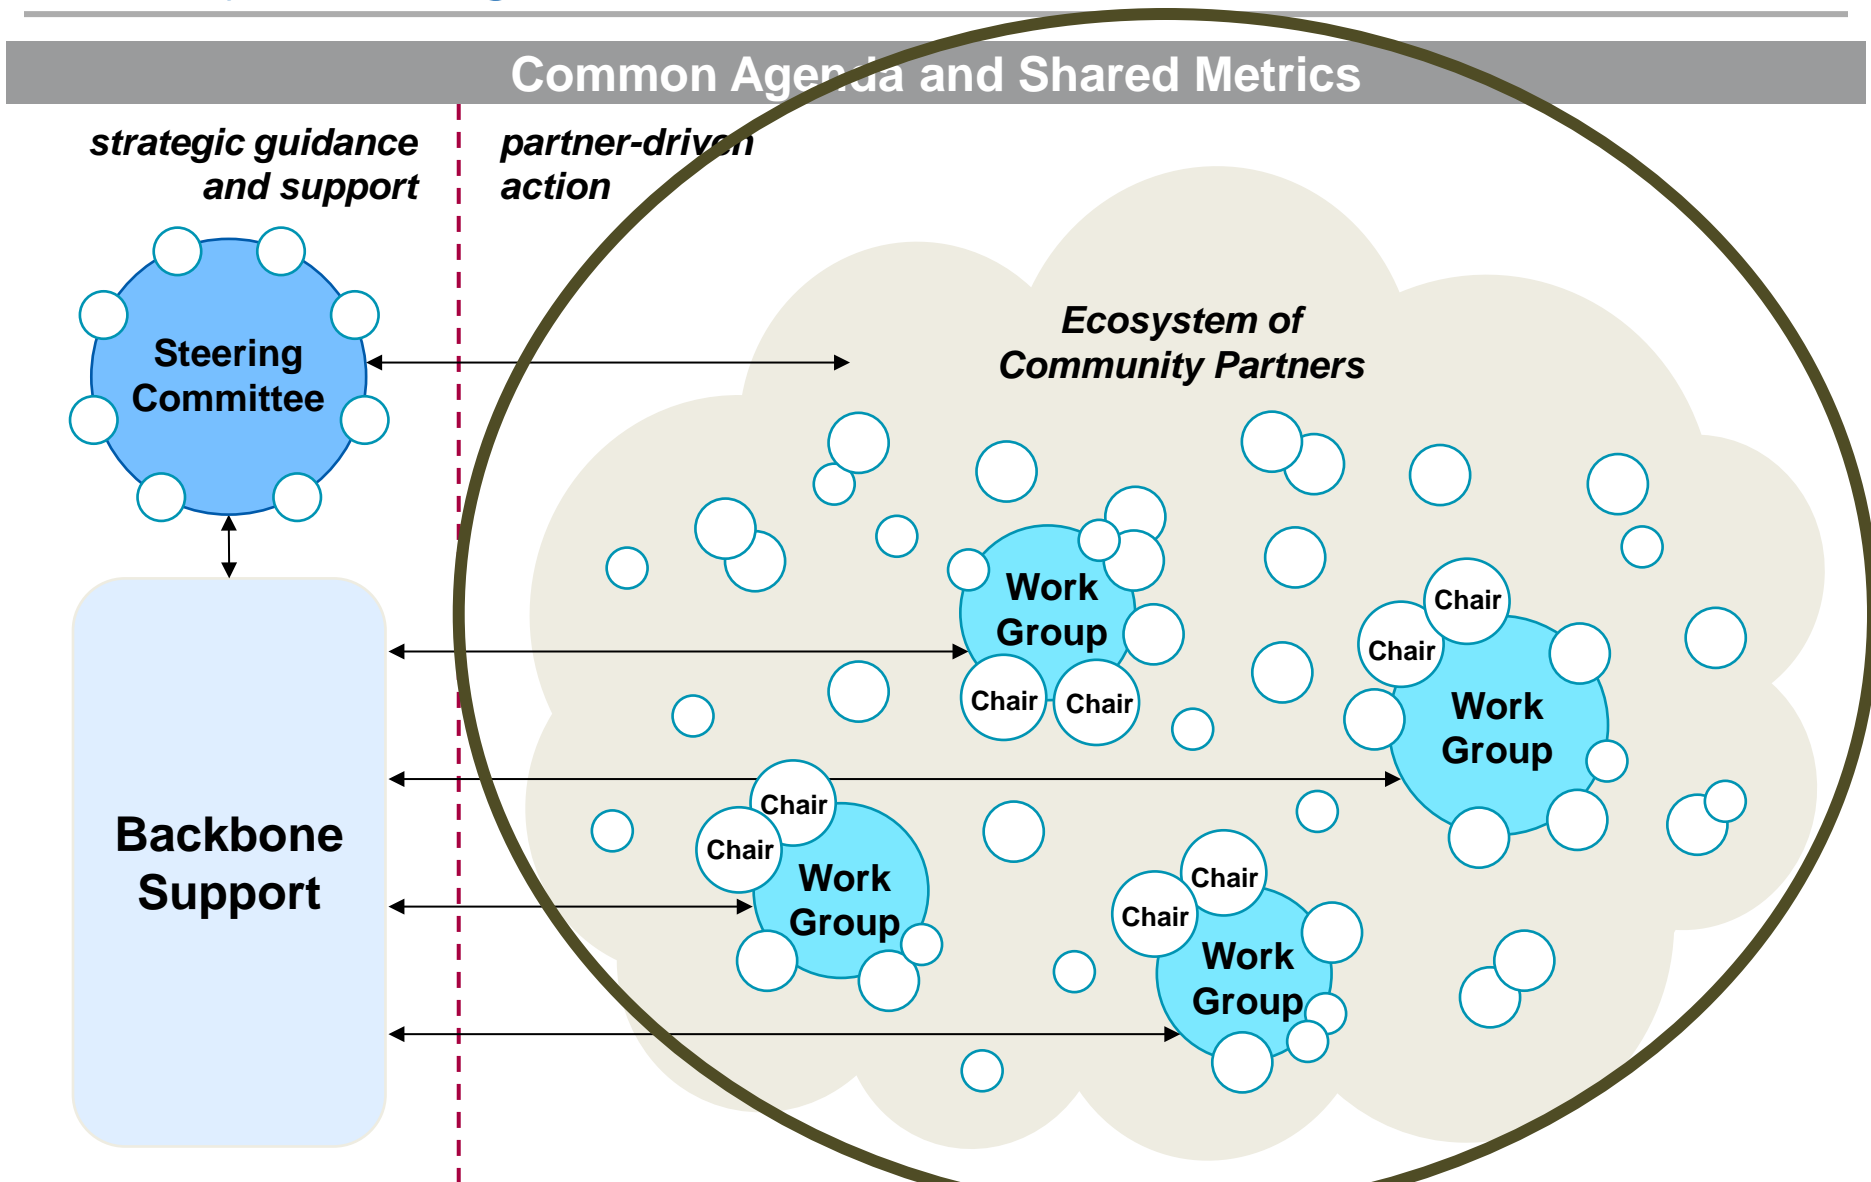

---

## Collective Impact Structures, Focusing on Work Groups

**Melissa Oomer**  
*FSG*

# Specific strategies will be identified and carried out by work groups

# Work groups have the following responsibilities

---

## Strategy and indicator development

- Review research on effective strategies within local context (if applicable) and external best practices
- Use data to inform identification of strategies and ongoing refinement
- Develop and refine indicators

## Implementation

- Coordinate activities among work group member organizations and other relevant partners
- Identify resources to support and / or execute strategies
- Provide progress updates to and learn from the steering committee, backbone, and other work groups

## Leadership

- Champion the effort with relevant stakeholders
- Align member organizations' work to the goals, indicators, and strategies of the work group where possible

# Responsibilities of leadership and members

---

## Leadership

- **Two co-chairs**
- Can **commit the time** (~3-4 hours / month plus meetings, but will vary)
- **Collaborative leaders** and facilitators, conveners, who “get stuff done”

## Members

- **Issue-aligned, collaborative, action-oriented**
- **Balances the collaborative’s goals** over their individual organization’s in decision-making
- **Can commit** to attending meetings and reviewing pre-read materials
- Are **knowledgeable** about the problem to be addressed
- Usually **one level down** from the steering committee members, but have **authority** to represent organizations and make decisions
- **Cross-sector** representation
- **~10 members initially** (will vary by initiative, but should include both practitioners and lived experience / community voice)

---

## Selecting Work Groups

**Melissa Oomer**  
*FSG*

# Work group formation is both art and science; here are some guiding considerations to help

---

## The Science

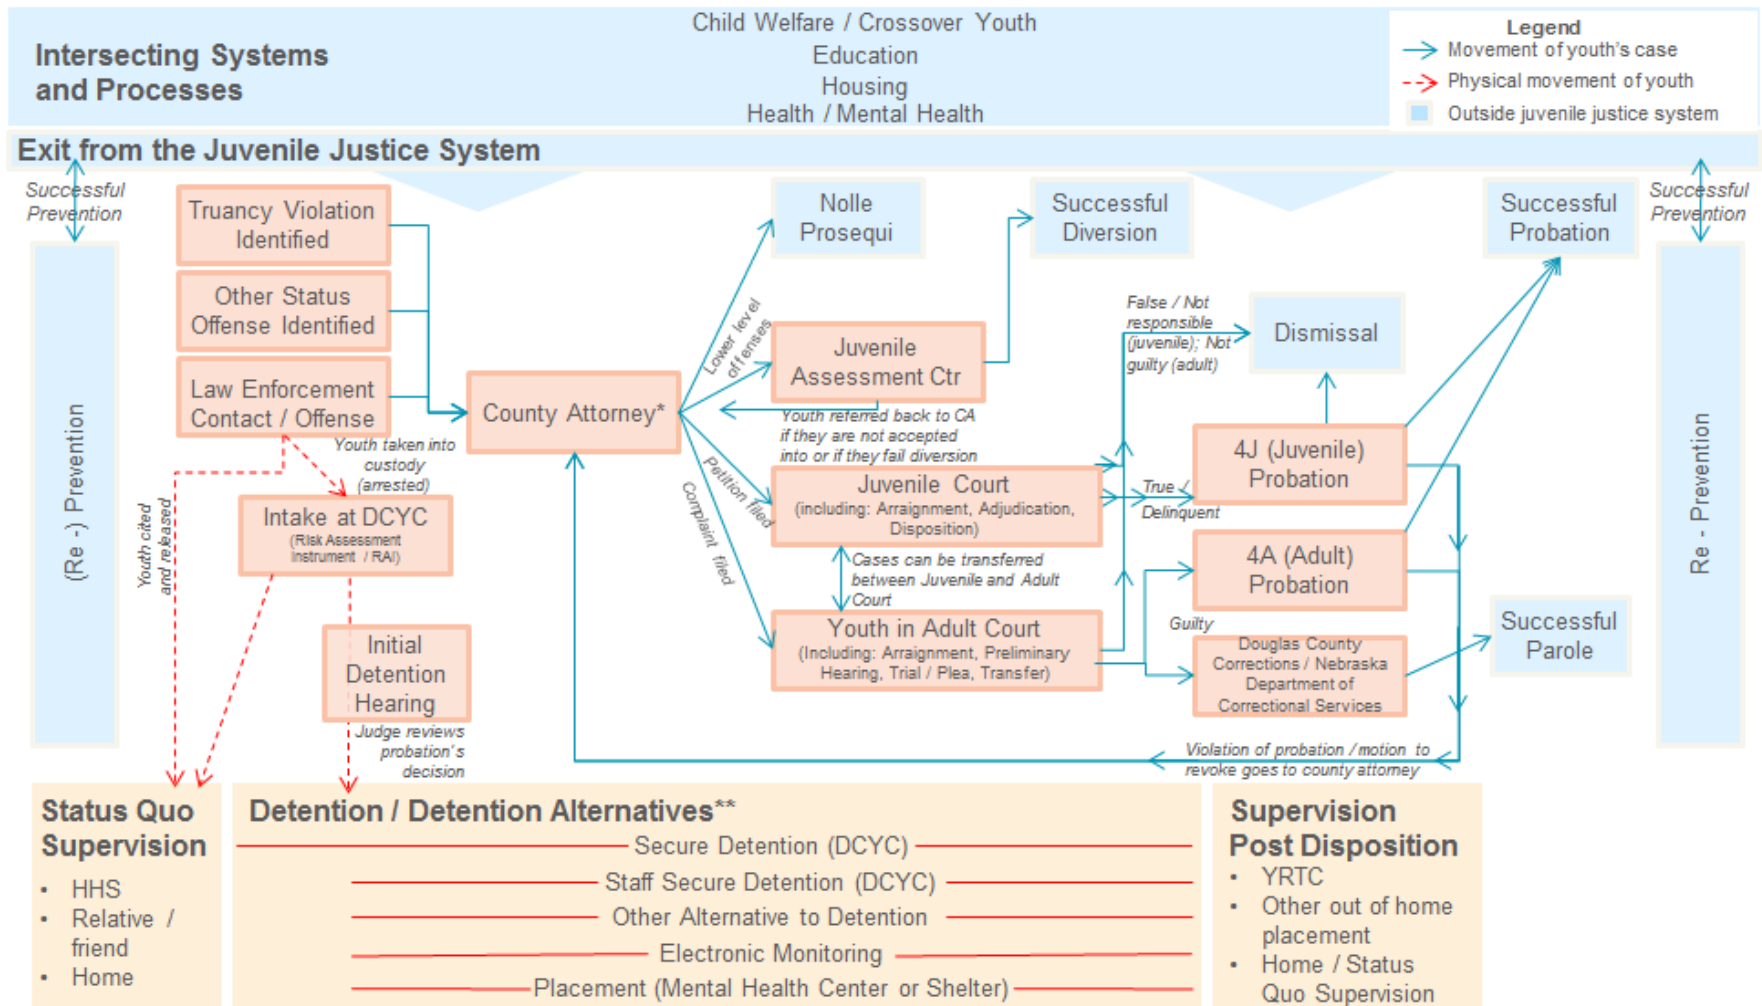

- Define and scope the problem with data. What does the **scope of the problem** reveal about the areas that need coordinated attention?
- What **existing** coalitions and collaborations already exist that can be built upon?
- Are there **cross-cutting issues** such as data or policy that are required to support the efforts of content areas?

## The Art

- Sense where the **energy** is in the system
- Capitalize on the where there are **strong leadership** and champions
- Balancing **inclusivity** and representing the system with a **manageable group size**

# Juvenile Justice in Douglas County, NE: a complex system!

\* City prosecutor not included on map as their role will diminish in juvenile justice matters beginning Jan. 1, 2015 per LB464

\*\* Youth first enter detention following the RAI and detention hearing but may re-enter at various stages of the juvenile process (e.g., if they commit a new offense, fail placement). Youth can attempt to exit detention by requesting a detention hearing at any time during the case process to request release.

Source: FSG Interviews, Research and Analysis; NE Commission on Law Enforcement and Criminal Justice, Three Year Comprehensive Juvenile Justice and Delinquency Prevention Plan '12-'14; Douglas County Comprehensive Juvenile Services Plan '12-'15

# Douglas County's process and structures included both the **expected and unexpected partners**

Across Douglas County, our vision is a **comprehensive, coordinated, and community-wide** approach to **juvenile services** that **eliminates** the need for youth involvement with our justice system while maintaining **public safety**. For **all youth** who do enter our justice system, our goals are to provide **effective, compassionate and individualized** support that empowers youth and their **families** to **succeed** and to build an environment of **mutual trust and accountability**.

- 20 leaders from
- County government
  - Juvenile court
  - Legal community
  - Probation
  - Detention
  - Law enforcement
  - Service providers
  - Philanthropy
  - School system

- 15-20 former or current system involved youth ("Juvenile Justice League")

- 7 Work Groups with a total of over 120 people
- Families
  - Schools
  - Prevention
  - Case processing
  - Equity
  - Data
  - Policy

- 300+ stakeholders engaged through
- Interviews
  - Focus groups
  - Community events
  - Site visits
  - Online forum

**Backbone** Executive Director | Program Manager | Data Analyst

---

## The Work of the Work Groups

**Melissa Oomer**  
*FSG*

# Sample six month work group focus, to identify systems-level approaches to change

---

| Month | WG Focus  |
|-------|---|
| 1     | Form a group, build <b>trust</b> and <b>common ground</b>   |
| 2     | Identify <b>the systems-level problem</b> for our WG to solve and the <b>players</b> involved to do so          |
| 3     | Review baseline <b>data</b> and evidence of ' <b>what works</b> ' to address structural barriers and inequities |
| 4     | Apply <b>local knowledge and context</b> to develop systems-level <b>strategies</b>                             |
| 5     | Discuss key decisions and develop ways to <b>measure</b> our progress and success                               |
| 6 +   | <b>Implement</b> strategies by identifying the <b>who, what, and where</b> to make them a reality               |

# What do we mean by strategies to achieve systems change?

---

1. **Better understanding the current situation:** aligning or overlaying existing data sets or systems with one another
2. **Learning by trial:** identifying an opportunity to start small with willing partners, learn from the experience, and then expand or replicate
3. **Increasing coordination:** finding ways to realign existing programs, protocols, and stakeholders to work together differently to maximize efficacy
4. **Enhancing services:** adopting a previously unnoticed proven practice from inside or outside the community to enhance existing services or programs
5. **Identifying policy-change opportunities:** looking for opportunities at local or state levels and relaying these to a Steering Committee and/or a policy and advocacy Working Group

# Working group must also be vigilant about **equity and inclusion**

---

- *How do we effectively **integrate community voice** into institution-heavy collective impact efforts?*
- *How do we authentically and meaningfully **involve communities who have historically been left out** of decision-making processes?*
- *How do we engage stakeholders in sensitive **conversations about race, class and culture** without driving away those who need to sit at the problem-solving table?*

1

A **common language** is useful to help communities engage in constructive conversations

2

We need to be clear on **who we mean** by the community

3

We need to recognize the difference between **equity and equality** in community engagement

4

We need to more carefully **redefine power** in collective impact efforts

---

## A Story from Omaha, Nebraska

**Amber Parker**  
*Operation Youth  
Success*

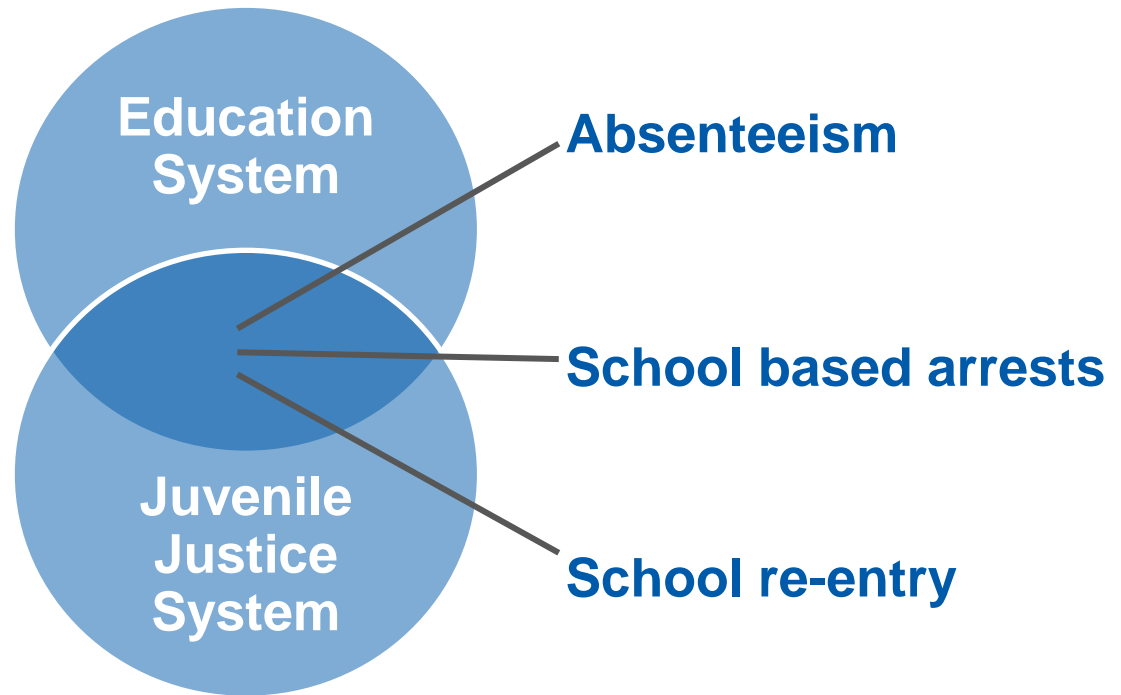

# The schools group focused on different “parts of the problem” between juvenile justice and education

---

## Membership included:

- Juvenile probation
- County attorney office
- Public defender office
- Juvenile court judges
- Juvenile justice service providers
- School leadership and administration
- Teachers
- Social workers
- Non-profits
- Child welfare agencies

## The scope focused on:

# The schools group first focused on strategies to **reduce-school based arrests**

---

## **The work group's systems-change strategies included:**

- 1. Pilot project** called the “**School Justice Partnership**” to increase coordination among school resource officers, administrators, and probation officers
- 2. Community wide-trainings** for police officers on:
  - **Teenage brain** development and consequences for discipline
  - **Legal consequences** of juvenile justice involvement
- 3. Policy change** from the **Omaha Police Department** to nationally certify all their School Resource Officers

# The schools group's success was enabled by several “**essential intangibles**”

---

Identification of **existing momentum** to build upon

**Relationship and trust building** over time that led to mindset shifts and greater openness to change

Creating a **culture of learning**

Fostering **connections** between people to identify points of disconnect

**Leadership** Identification and development

# Worksheet #2: Strategy Development

---

- **On your own, use the worksheet (pages 2-3) to :**
  - Write down a current or potential working group strategy for your effort
  - How is this / could this strategy creates change in the system vs. in programs?
  - How did / could this strategy engage the community?

Be prepared to share your reflections and outstanding questions with other webinar participants

# Continue Your Journey through our Fall 2017 Online Training Series

## Sustaining Collective Impact

**November 13, 2017**

## Using Data for a Collective Impact Refresh

**December 6, 2017**

# Join the Collective Impact Forum – A Free Online Community for Collective Impact Practitioners, Partners, and Funders

The screenshot shows the homepage of the Collective Impact Forum. At the top, there is a navigation bar with the forum's logo, the FSG logo, and links for 'ABOUT US', 'PROFILE DIRECTORY', 'BLOG', and 'LOGIN'. A search bar and social media icons for Facebook, LinkedIn, Twitter, YouTube, and Google+ are also present. Below the navigation bar is a teal-colored menu with the following items: 'WHAT IS COLLECTIVE IMPACT', 'GETTING STARTED', 'FEATURED STORIES', 'COMMUNITY', 'RESOURCES', and 'NEWS & EVENTS'. The main content area features a large banner with the text 'Welcome to the COLLECTIVE IMPACT FORUM'. Below this, a paragraph describes the forum as a place for practitioners to find tools, resources, and advice, and as a network for sharing experience and knowledge. A teal button labeled 'LEARN ABOUT THE COMMUNITY' is positioned at the bottom left of the banner. On the right side of the banner, there is a section titled 'Visit Our Community' with the instruction 'Select your role to visit the collective impact community most relevant to you.' Below this instruction are three buttons: 'FUNDER OF INITIATIVES' (with a magnifying glass icon), 'BACKBONE ORGANIZATION' (with a group of people icon), and 'PARTNER ORGANIZATION' (with a handshake icon).

# Appendix

---

# Community engagement essential throughout collective impact initiatives

| <b>Components for Success</b>        | <b>Phase I<br/>Assess<br/>Readiness</b>                               | <b>Phase II<br/>Initiate Action</b>  | <b>Phase III<br/>Organize for<br/>Impact</b>                                    | <b>Phase IV<br/>Begin<br/>Implementation</b>                            | <b>Phase V<br/>Sustain Action<br/>and Impact</b>                             |
|--------------------------------------|---|--|---|---|--|
| <b>Governance and Infrastructure</b> | Convene community leaders   | Identify champions and form cross-sector Steering Committee "SC" to guide the effort | Determine initial workgroups and plan backbone organization                     | Launch work groups "WGs" and select backbone organization               | Building out the backbone organization; evolve WGs to meet emergent strategy |
| <b>Strategic Planning</b>            | Hold dialogue about issue, community context, and available resources | Map the landscape and use data to make case  | Create common agenda, clear problem definition, population level goal           | Develop Blueprint for Implementation; identify quick wins               | Refine strategies; mobilize for quick wins                                   |
| <b>Community Engagement</b>          | Determine community readiness; Create a community engagement plan     | Begin outreach to community leaders  | Incorporate community voice - gain community perspective and input around issue | Engage community more broadly and build public will                     | Continue engagement and conduct advocacy                                     |
| <b>Evaluation And Improvement</b>    | Determine if there is consensus/urgency to move forward               | Analyze baseline data to ID key issues and gaps                                      | Develop high level shared metrics and/or strategies at SC level                 | Establish shared measures (indicators and approach) at SC and WG levels | Collect, track, and report progress (process to learn and improve)           |

# Backbone teams are critical to the entire process

---

**Guide Vision and Strategy**

**Support Aligned Activities**

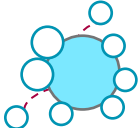

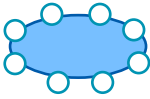

**Establish Shared Measurement Practices**

**Cultivate Community Engagement and Ownership**

**Advance Policy**

**Mobilize Resources**

# Each Stakeholder and Group Plays a Specific Role

| Stakeholder / Group  | Description and Role  |
|--|---|
|  Community partner                          | <ul style="list-style-type: none"> <li>• <b>Individual organizations and members of the community</b> (e.g, nonprofit, funder, business, public agency, student, parent, resident)</li> <li>• Partners should have <b>access to a variety of opportunities to learn about and engage</b> in the initiative</li> </ul>   |
|  Work Group<br>(a.k.a. network, action team) | <ul style="list-style-type: none"> <li>• Comprised of <b>cross-sector community partners targeting particular element of common agenda</b> (e.g., early childhood, K12, postsecondary, OST, data, policy, funding)</li> <li>• Designs and implements a targeted <b>action plan</b>, involving non-work group members as needed</li> <li>• Led by <b>two co-chairs</b> willing to invest time and (ideally) staff capacity</li> <li>• Some groups or networks serve <b>slightly different functions</b>, e.g., funders group (to identify opportunities for alignment), or inclusive community network to raise awareness about project and provide mechanism for vetting actions</li> </ul> |
|  Steering Committee<br>(Strategy Group)     | <ul style="list-style-type: none"> <li>• Comprised of <b>cross-sector community partners</b> (representative of the large ecosystem)</li> <li>• Provides <b>strategic direction</b> for the initiative and <b>champions the work</b></li> <li>• In some cases, committee members are <b>chairs for action teams</b></li> </ul>  |
|  Backbone                                  | <ul style="list-style-type: none"> <li>• Provides <b>dedicated staff</b></li> <li>• Supports the work of partners by assisting with <b>strategic guidance</b>, supporting <b>aligned activity</b>, establishing <b>shared measurement</b>, building <b>public will</b>, advancing <b>policy</b>, and mobilizing <b>funding</b></li> </ul>   |

# What should work groups focus on accomplishing in the first six months?

---

- Using **data** to further understand the problem and developing an approach to continuous learning
- Identifying high-leverage **strategies** and **quick wins**
- Building **relationships** among members and maintaining a sense of excitement
- Transitioning from relying on the backbone to **relying on co-chairs** to lead and manage the activities (and meetings) of the work group

# A Strong Steering Committee Is Important for Building the Initiative's Credibility and for Bringing Other Stakeholders to the Table

---

## ***Responsibilities of Steering Committee Members***

- Guidance, Vision, and Oversight
  - Develop and refine Common Agenda for change, including problem, goal(s), and guiding principles
  - Use data to inform strategy development learning
  - Track progress of work using agreed-upon indicators at Steering Committee and working group levels
  - Make connections between working groups to ensure coordination and efficiency
  - Interact with the backbone entity on strategy, community engagement, and shared measurement
- Leadership
  - Considering how your individual organization or those in your network can align to the Common Agenda
  - Serving as vocal champions of the collective impact effort in the community
- Process
  - Participating in the regularly scheduled meetings in person (every 4-6 weeks)
  - Reviewing pre-read materials prior to meetings and coming prepared for engaged discussion, active listening, and respectful dialogue
  - Committing to yearlong membership of the Steering Committee

# Steering Committee Members Should Be Carefully Recruited

## Sample Traits

---

1. **Decision Maker.** CEO/President Level - Able to drive systems change relevant to effort
2. **Representative.** Geographic coverage of effort (counties and subregional steering committees) as well as sector
3. **Influential Champion.** Commands respect of broader set of stakeholders (and perceived so). Can bring stakeholders to the table and keep them there. Can champion the strategy with the broader community
4. **Content Expertise/Practitioner.** Familiar with subject matter to contribute substantively
5. **Passion and Urgency.** Passionate about issue and feels real urgency for the need to change
6. **Focused on the Greater Interest.** Represents need of their own organization but able to think and act in the greater interest of the community
7. **Commitment.** Willing and able to commit time and energy to attend meetings and get work done
8. **Lived Experience.** Bring experience with the issue and as a likely beneficiary of the initiative

---

## Quick Wins

# It is helpful to seed quick wins to maintain momentum and strengthen relationships

---

By bringing a cross-sector group of stakeholders working on similar issues together, new opportunities for “quick wins” emerge – small projects or changes that could lead to significant benefits.

# Quick Win Overview

- **What is a quick win?**

- A strategy in which you expect implementation and outcomes in next 3-6 months
- Requires a limited amount of resources (e.g., money, time, people)
- Results will be outputs and outcomes at the population level (e.g., connection to a new opportunity, not a reduction in BMI, or increase in graduation rates)
- Results may be among a target population and/or target geography (e.g., not all children in a county)

- **How does a quick win fit in with our longer term strategies?**

- A quick win should align with at least one of the strategy areas
- It may be drawn directly from the plan, or aligned with the larger strategy areas

# The group in Dallas brainstormed potential quick wins based on areas of momentum

## Encourage Breastfeeding

- Tactic - Breastfeeding
  - **Work to scale existing programs to help Parkland and Methodist hospitals become baby-friendly by 2014**

## Coordinated School Health Plan

- Tactic - Identify ways to help support implementation of the Coordinated School Health curriculum
  - **Catalog curriculum and contact for each district**
  - **Starting with DISD plan, compare to the CSH guidelines to better understand gaps and opportunities**

## Taste Testing with Kids

- Tactic - USDA School Breakfast and School Lunch program
- Tactic - USDA and Texas Dept. of Agriculture healthy food programs
  - **Partner with several institutional providers (schools, after school programs, summer feeding programs) to do taste-testing with kids to:**
    - **Teach them about healthy foods**
    - **Learn how to make healthy food appealing to students**

# They also looked at other initiative best practices to generate quick wins ideas

## Food Assistance Guide

- The Childhood Obesity Initiative of San Diego **created a food assistance guide and encourages physicians to provide it to patients:**
  - List of farmer's markets that accept Supplemental Nutrition Assistance Program (SNAP) credits
  - Community garden options
  - Food assistance programs & eligibility requirements
  - Information on school breakfast and lunch program sign-ups

## Safe Routes to School

- Program included **teaching kids about bike safety, a walking bus, and a count by teachers of how students got to school**
- Six schools were participating in a pilot program. Within the first year those schools saw a 5% increase in walking/biking to school.

## Farmer's Market Coupons

- Farmer's markets and food pantries coordinated to **give qualifying households coupons to use for fresh produce or dairy at participating farmer's markets**
- Farmers were reimbursed by the food pantries for purchases by qualified families

# A simple tool was used to help prioritize across potential quick wins

---

| Quick Wins                        | Implementation/<br>Outcomes in<br>3-6 Months | Requires Limited<br>Resources | Aligns with one of<br>the Strategy Areas |
|-----------------------------------|--|-------------------------------|--|
| A: Encourage Breastfeeding        |  |                               |  |
| B: Coordinated School Health Plan |  |                               |  |
| C: Taste Testing with Kids        |  |                               |  |
| D: Food Assistance Guide          |  |                               |  |
| E: Safe Routes to School          |  |                               |  |
| F: Farmer's Market Coupons        |  |                               |  |
| G: Other                          |  |                               |  |

# Example: Tasty Teaser Coordination and Amplification

## Goal

Relevant partners provide volunteer support to DISD's Tasty Teasers program in select schools to give children 8-12 opportunities to taste oranges by having taste testing twice a week at each school over the lunch period for one month.

## Partners & Roles

|                              |  |
|------------------------------|--|
| <b>DISD</b>                  | <ul style="list-style-type: none"><li>• Cafeteria managers host volunteers</li><li>• Provide food</li><li>• Teacher encourage taste testing</li></ul>  |
| <b>Coordinating Agencies</b> | <ul style="list-style-type: none"><li>• <b>WIC:</b> Makes recipes available in clinic sites in English/Spanish; parent taste-testing</li><li>• <b>ChildCareGroup :</b> Host coordinated test tasting at the Oak Cliff/Bock Center</li><li>• <b>Churches:</b> Blessed Sacrament, Cliff Baptist Temple, Christ Episcopal Church</li><li>• <b>North Texas Food Bank:</b> Making the monthly food drops at Botello, Bowie and Garcia oranges for March</li></ul> |
| <b>Volunteers</b>            | <ul style="list-style-type: none"><li>• <b>Steering Committee</b></li><li>• <b>Work Groups</b></li><li>• <b>Networks of Steering Committee and Work Groups</b></li></ul>   |

## Schools

Targeted schools are Bowie Elementary School, Botello Elementary School and Garcia Middle School

# From Idea to Impact

From idea...

...to impact!

- # children reached:  
approximately 2,006
- # partner organizations:  
11, three schools and eight  
other community  
organizations

# Qualitative Learning from Tasty Teasers

- **Partnership:** What did we learn about effective cross-sector collaboration?
  - If you have a **specific ask**, organizations will want to join a great effort!
  - Partners may emerge just because of **momentum** around the effort
  - Adding partners quickly becomes very **complex** and requires **more time** to manage, including managing **information flows**
- **Volunteers:** What did we learn about the experience of working with volunteers?
  - Volunteers bring their own **unique talents**, enhancing the strategy in ways we could not have planned for (e.g., giving the pitch on why tasting is cool)
  - You can't underestimate the power of **connection-** between volunteers and school staff, volunteers and kids, volunteers and partner organizations
- **Communications:** What worked well in communicating information to stakeholders?
  - Utilizing **existing communications channels** (e.g., flyers, billboards) to provide relevant information is key
  - You might have the **chance** to use a channel you didn't plan for (e.g., radio interview), and need to be prepared to take advantage of it as best you can
